

# Amendment to Emergency Vehicle Equipment Installation Request for Proposal (RFP)

Issue Date: March 20, 2024

## Background:

Due to unforeseen manufacturing issues, it is possible that some of the equipment listed in Table 1 of the original RFP may not be available in the market. To ensure a comprehensive evaluation of available solutions, vendors are invited to propose alternative equipment that meets or exceeds the specifications outlined in Table 1 and could deliver the scope of services written in section 3 of the original RFP released on March 8, 2024.

This new request will impact on the sections and sub-sections specified below within the original RFP. Apart from the mentioned changes, all other details will remain unchanged.

#### 4.3.3 Bill of Materials

The breakdown of costs should cover expenses associated with acquiring the equipment, as detailed in Table 1. If these items are unavailable, vendors should list their proposed alternatives that are compatible and fulfill the work requirements outlined in section 3, following the format specified in Table 4 for materials. For more information, please consult Section 3—Scope of Work. Vendors should include any additional essential equipment and supplies for installation not listed in Table 1, providing a detailed list with unit and total prices.
